

CONFERENCE PROGRAM

- ✓ *Plenary Reports (60 min max)*
- ✓ *Key Notes (40 min)*
- ✓ *Invited Lectures (30 min)*
- ✓ *Oral Reports (10 min)*
- ✓ *Posters*

The Organizing Committee is pleased to invite you to the 4th international scientific conference "Advances in Synthesis and Complexing". If you would like to present your work at our event, we kindly ask you to inform the Organizing Committee about the form of your participation (oral report or poster until **March 15th**).

Important Dates:

February 1, 2017 Early bird registration .

March 15, 2017 Standard registration.

March 15, 2017 Abstract submission.

April 1, 2017 Notification of abstracts acceptance.

REGISTRATION FEE

Category	Early Bird Registration (by February 1, 2017)	Standard Registration (by March 15, 2017)
Russian and CIS Participants		
Student/PhD student	2000 rub.	3000 rub.
Regular participant	4000 rub.	6000 rub.
Foreign Participant		
Student/PhD student	150€	200 €
Regular participant	300 €	400 €

Registration Fee includes:

- Admission to all scientific sessions
- Publishing of one abstract in the Book of Abstracts
- Conference materials
- Coffee breaks, get together party

Working languages – English, Russian
Abstracts must be submitted only in English.

On-line registration, abstract submission and sponsors opportunities are available on the web-site:

ORGANIZING COMMITTEE

Chair

Voskressensky L.G.,
Dr. Sc., Prof.

Committee members:

Varlamov A. V., Dr. Sc.,
Prof.

Khrustalev V. N., Sc., Prof.

Davidov V. V., Dr. Sc., Prof.

Vice-chair:

Dr. Nikitina E. V.

Zubkov F. I., Dr., assoc. prof.

Kultishkina E. K., Dr., assoc.
prof.

Secretary

Dr. Festa A. A.

Dr. Titov A. A.

Hairullina I. A., PhD student

Serov Yu. M., Dr. Sc., Prof.

Yagodovsky V. D., Dr. Sc.,
Prof.

Sections of the Conference

Organic Chemistry

Chair – Varlamov A. V., prof., Dr. Sc. e-mail:
avarlamov@sci.pfu.edu.ru, tel. +7 (495) 955-07-57

Secretary – Zubkov F. I., assoc. prof., Dr. e-mail:
fzubkov@sci.pfu.edu.ru, tel. +7 (495) 955-07-79

Modern problems of organic chemistry. New methods in organic synthesis, synthesis and properties of heterocyclic compounds, multi-component and domino reactions, stereochemistry of organic compounds, chemistry of macrocyclic compounds, biologically active compounds, chemistry of natural products.

Physical and Colloidal Chemistry

Chair – Yagodovsky V. D., Dr. Sc., Prof., e-mail:
jsarov@sci.pfu.edu.ru, tel. +7 (495) 952-07-45

Secretary – Hairullina I. A., PhD student, e-mail:
spaldingtm@mail.ru, tel. +7 (495) 955-07-66

Heterogenic and homogenic catalysis. Physico-chemical methods of investigation, quantum-chemical calculations.

Inorganic and Coordination chemistry

Chair – Davidov V.V., Dr. Sc., Prof. e-mail:
vdavidov@sci.pfu.edu.ru, tel. +7 (495) 952-11-86

Khrustalev V.N., Dr. Sc., Prof., e-mail:
khrustalev_vn@pfur.ru, tel. +7 (495) 954-01-84

Secretary – Kultishkina E.K., assoc. prof., Dr.,
e-mail: ekultyshkina@mail.ru, tel. +7 (495) 955-08-68

Modern problems of inorganic chemistry. Complexing of metals with polyfunctional N,O,S-containing ligands, physico-chemical investigations of inorganic and coordination compounds and new materials, solidphase synthesis. X-RAY analysis.
If you cannot find your particular topic of interest listed in the detailed descriptions of each scientific section, but wish to report on research related to one of the broad themes, we encourage you to submit your abstract for consideration by the Organizing Committee.
